

## Workplace violence

The Minnesota Department of Labor and Industry (DLI) works to promote a safe and productive environment for Minnesota's workplaces. Violence prevention has become an important part of DLI's focus, because statistics show there are about 1,000 work-related assaults reported in Minnesota each year.

## Solutions

Assistance available through DLI Workplace Safety Consultation (WSC), helps employers and employees understand the impact of workplace violence and develop strategies for recognition and prevention.

Workplace Safety Consultation offers free programs designed to assist both public- and private-sector employers implement and maintain effective safety and health programs to reduce workplace-injuries and the costs associated with them. WSC strives to create partnerships with employers to accomplish these goals.

## Cost

Workplace violence prevention, like all WSC services, is available at no cost, upon request by municipal, county or state organizations and small high-hazard businesses.
